

BOBBY MCILVAINE NATIONWIDE CALL-IN DAY

FRIDAY, MAY 11, 2018

A Nationwide Call-In Day to find one congressperson brave enough to introduce the Bobby McIlvaine Act. To reach every member of the House of Representatives with multiple phone calls, we need 3,000 activists to participate!

FIVE SIMPLE STEPS FOR PARTICIPATING

1. Phone Number

Find the phone number for your congressperson's **Washington, D.C. office** by going to <https://www.house.gov/representatives> and entering your zip code at the top right or scrolling through the state-by-state list of congress members on that page.

2. Call and Introduce Yourself

Pick up the phone and make the call. Tell the congressional staffer your name, the city where you live, and – if you're comfortable doing so – your address or at least your street name.

3. The Ask

Then tell the staffer very plainly that you are calling to urge your representative to introduce the Bobby McIlvaine Act. Make it clear that the Act is **draft legislation establishing a select committee to re-investigate the cause of the three WTC collapses**.

4. Information & Follow-up

Next, refer them to AE911Truth.org/Justice where they can: (1) download the legislation, (2) read the 9/11 Family Petition, and (3) watch the seven-minute video "9/11 Father Seeks Justice" featuring Bob McIlvaine, the father of Bobby McIlvaine. Also explain, in your own words, why **you** support a new investigation. If you're feeling especially assertive and willing to give your mailing address or email address, tell the staffer you would like a response from the congressperson stating his or her position on the Act.

5. Reporting

Email us at Congress@AE911Truth.org and include in the subject line **your state and congressional district number**. You do not need to write anything in the email; we will probably only have time to read the subject line. We will keep count of how many phone calls are made and will report the results afterward.
